

COMPOSTING MADE EASY

Composting is nature's way of recycling food and yard waste into a valuable and free organic fertilizer for your garden.

Learn simple composting techniques at one of the city's free classes. Workshops last one hour and all levels are welcome — from the novice to the experienced. Manhattan Beach residents can purchase a Compost Bin for \$35 (a \$99 value) or a Worm Bin for \$35 (a \$129 value). Classes are free, open to the public, and reservations are not necessary. For more information call WM customer service at 310.830.7100 or visit <http://manhattanbeach.wm.com>.

Composting Bins

SOILSAVER BACKYARD COMPOST BIN

Recycle your yard waste and vegetable scraps into a rich fertilizer for your garden with Soilsaver compost bin. The City of Manhattan Beach makes it easy by offering the Soilsaver backyard composting bin for purchase to residents at a discounted price. \$35 (a \$99 value!)

WORM BIN

Unearth the many benefits of worm composting. The City of Manhattan Beach offers the 2-Tray Worm Factory bin for purchase to residents. The small bin can be placed on your patio or in your garage. You don't need a backyard, leaves or yard clippings. Just feed the worms kitchen scraps and create the richest organic fertilizer in the process. With the purchase of a worm bin, you'll receive red worms and a booklet. \$35 (a \$129 value!)

Can't make it to the class?

You can also order a discounted bin by contacting Waste Management directly @ 310.830.7100

COMPOSTING DO'S and DON'T'S:

Compost

- Fruit and vegetable scraps
- Egg and nut shells
- Coffee grounds and tea bags
- Weeds, leaves and bark
- Grass and plant trimmings
- Wood chips, sawdust
- Wood ashes
- Bread
- Tissues/paper towels

Compost

- Meat, poultry and fish
- Bones, animal fat or oil
- Dairy products
- Branches (over 1/2" diameter)
- Crab or Bermuda grass
- Chemical Pesticides
- Diseased plants
- Weeds that have gone to seed
- Dog and cat waste
